Subject: Connecticut College Men's Rowing

Coach Bergen, North Allegheny Boys' Crew,

I am the assistant coach for the Men's Rowing Team at Connecticut College and I am in the process of recruiting athletes to join the Camel Crew. As you may already know, Connecticut College is part of the prestigious NESCAC. We have a terrific academic program that greatly challenges and rewards hard working individuals. We also have a very well funded rowing program, complete with a large fleet of Hudson rowing shells, a full-time head coach, assistant coach intern, and an indoor rowing facility complete with two rowing tanks, 16 new concept2 ergs, and a complete circuit of machine weights. We have all the ingredients for a competitive program and are looking for athletes to keep the team strong.

My question to you is whether you have any male athletes that could compete on a collegiate team and maintain academic success? I would greatly appreciate it if you could pass this information along to your eligible athletes and keep Connecticut College in mind when searching for Colleges. A list of eligable athletes' contact information would be greatly appreciated.

I have attached a copy of our latest brochure to show your rowers. Thank you for time and I look forward to hearing from you!

Sincerely,

Jack Marolich  
Assistant Coach
